

Peeling the Orange part 7

What is orange?

When children watch their parents make relational, emotional, and spiritual growth a priority.

Consistent check-in for children.

Beginning Sunday, January 31st, parents are invited to check-in their kids to the kid's ministry and nursery up to 15 minutes before services begin. We encourage you to take this extra time before the weekly services begin to meet our Orange Staff and Volunteers and visit our kid's facilities.

Whether you have a 6-month old infant or a 6-year old child, our desire is to make it simple for you to register and check-in your child for Children's Church on Sunday mornings.

The Mount is also initiating annual registration for Kid's Ministries at The Mount. The registration will offer us information for each child as well as contact information for parents to receive information from The Orange Team. The form includes information for children ages birth-6th grade and only one form is required per family.

Click here for your [Children's Ministries Registration Form](#) and bring it back for kid's ministry and/or nursery check in on Sunday morning.

Be in prayer and be blessed,

The Orange Team
