

Peeling the orange part 4:

### What is Orange?

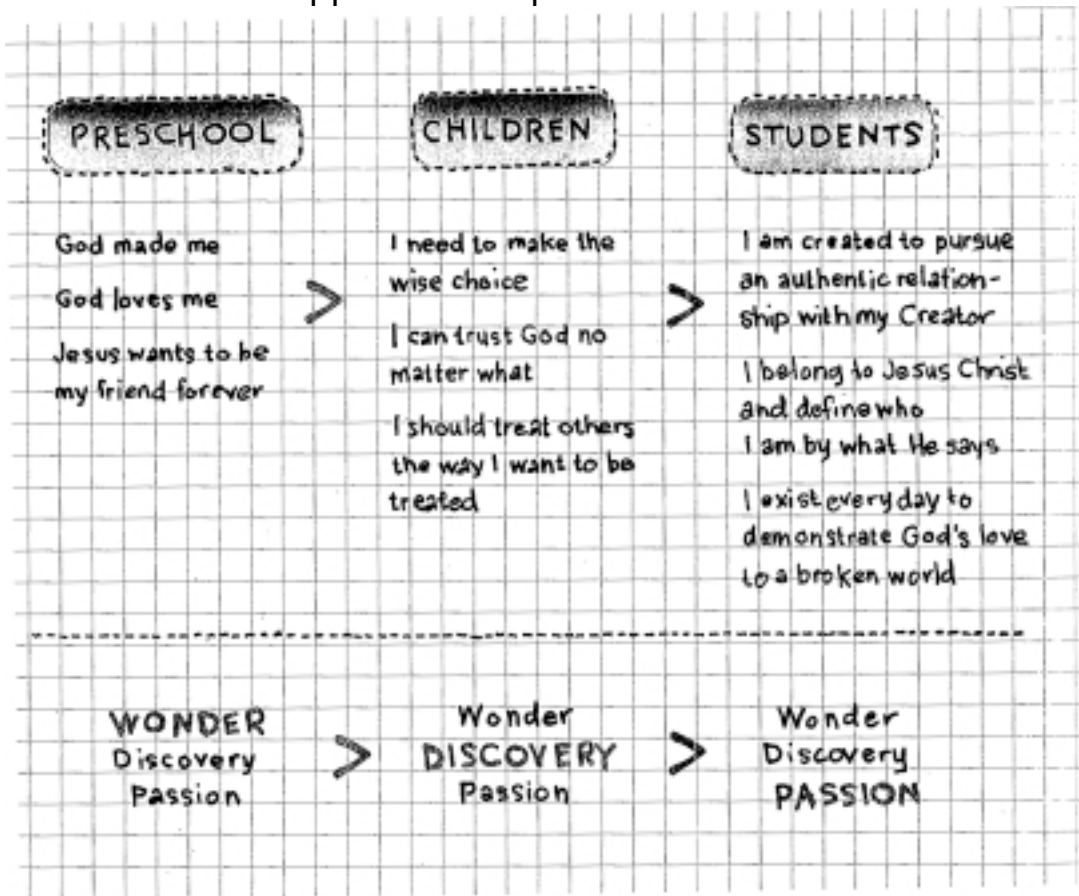

Teaching a **progression** of simple truths.  
NEW Orange Curriculum

A new curriculum will be used to teach children ages 0-18 at The Mount. Through the **Orange Curriculum**, we will focus on these simple truths:

Incite **Wonder** so children and teenagers will grow up amazed with the wonder of heavenly Father and how much he loves them.

Provoke **Discovery** where their identity is determined by a personal relationship with Christ and continually guided by His Spirit and truth.

Fuel **Passion** that will mobilize children and teenagers to do what Jesus did when he stepped on the planet.

The **plan is strategic** so that **His Message may be even louder.**

Be in prayer and be blessed,
