

What is orange?

The impact you get when **church** and **family** collide.
Get ready to SEE Orange.

Tomorrow morning you will notice many changes around The Mount. You will notice our church will look a lot more orange. For example, you will see "**orange dots**" along the floor. These are markings to direct families to the kids ministry areas as well as to provide a path to follow to find your way from one building to the next.

Also be on the lookout for new **signs**. These signs will direct you in the parking lots, announce service times alongside the buildings, and point you in the direction you need to go for services and kids ministry.

The Orange Team is asking that you be strategic about where you park on a weekly basis. Please park in our upper **West Parking Lot for the 9am service** and in the lower **East Parking Lot for the 10am service**. Overflow parking is available beside the Family Centre. Church families choosing to park in the overflow parking spaces will provide ample first row parking for the elderly and guests of our church.

We invite families to arrive up to 15 minutes before service to turn in registration forms for kids ministry and to see our updated Orange Kids Facilities. You may be asking, when will the orange finally be peeled? We are in a process of exciting change... we hope that you will join us in prayer that we become MORE Christ-Centered, Kingdom-Minded and Spirit Filled. We are excited to celebrate Orange with you tomorrow morning!

Be in prayer and be blessed,

The Orange Team
Mount Olivet Assembly of God
